

You are Invited

To learn about an ancient fish in Michigan, the Lake Sturgeon, and how you can protect and preserve this important link to our history.

Everyone is welcome, including students, to this free event. Not only will you learn about this incredible fish, and get to watch a short Michigan movie about preservation efforts, you will be able to meet and greet a young Lake Sturgeon in person.

Tuesday, March 3, 2026

6:30pm

Clinton Macomb Main Library

40900 Romeo Plank Road

Clinton Township, Michigan, 48038
